PUERTO VALLARTA

All we have is NOW

Vallarta

The noox experience can now be found in sunny Puerto Vallarta on the coast of Jalisco. Imagine yourself enjoying the iconic ocean views and colorful sunsets from one of the most comfortable, low-density condo developments in Puerto Vallarta.

We are located in a secluded zone on the warm, sandy beaches of the South Shore - which many say is Puerto Vallarta's place to go for true R&R.

Nestled in-between small, pristine beaches, noox PVR is within 3-4 minutes walking distance of both Playa Punta Negra and Playa Palmarés. Here you can snorkel right off the beach at either location --- thanks to pristine, crystal-clear waters.

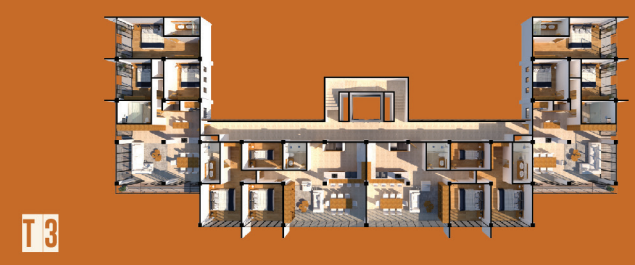

To get here, you'll drive just 5 miles/8 km south from the Romantic Zone (downtown) along a coastal highway that tightly hugs the mountains rolling down into the Pacific.

Noox PVR combines both horizontal (ground-level living) and vertical (high-rise condos) in a spacious, distinctively noox layout. There are 258 properties in total.
